

(Dean, Faculty Affairs)

Prof. Neela Nataraj

faculty members.

I trust that this version will serve as a handy reference on day-to-day matters for all handbook revision process.

Sis Chaudhuri, has always offered constant support and encouragement throughout the details for accuracy deserve special appreciation. Finally, the Director, Prof. Subha and the staff from their offices and Ms. Archita Patil, Dean (FA) office who checked the Joint Registrar, Mr. Sanjay Shah, Assistant Registrar, Ms. Falguni Banerjee, Naha (PRO) gestions have been incorporated. The timely help and efforts of Dr. K.V. Reghuthaman, department other functionaries and Heads of academic units and their very valuable suggestions have been incorporated. Prof. A.M. Pradeep, Associate Dean (R&D), Prof. Santanu Banerjee (Earth Sciences), Director, IIT Bombay, Prof. S. Sudarshan DD (AIA), Prof. Avinash Mahajan, Dean (AP), this document. The revised draft was reviewed by Prof. Devang Khakhar (former Director, Engineering) for his hardwork, dedication and consistent support that helped to publish to this current form. Special thanks to Prof. Kumar Appaiah (Department of Electrical amount of time to document as many details as possible in the handbook and bring it up to date. Prof. K.P. Kaliappan, the former Dean (FA) has invested a tremendous amount of time and effort as the Convener prepared the first draft of the handbook with crucial inputs from Prof. Karandikar (erstwhile Dean (FA)) in 2017. A committee with Prof. Swaroop Ganguly and Prof. The need to update the Handbook was originally brought to the fore by Prof. Abhay confirmation from the authorities of administration as and when needed. be viewed as a guide; the details of rules and regulations concerning specifics require accurate. It should not be regarded as authoritative. Going by the very name, it should Disclaimer: While every effort has been made to keep the Handbook up-to-date and

the issues that concern young faculty members.

faculty members of the institute. Significant efforts have therefore been made to address out inadvertently. A handbook such as this, I believe, is particularly useful for young faculty members. Many such rules have been captured succinctly, although some have no doubt been left There are many written (and some unwritten) rules that govern any institution like IIT. into account.

tion of the Handbook has been thoroughly revised and updated to take all the changes changes in the governance, recruitment policies, salary structure etc. This second edition was brought out in 2014. Over the years, there have been several far-reaching information that the faculty members need during their careers at IIT Bombay. The first The Faculty Handbook is an extremely useful document since it consolidates much of the
